

Warriors' Path

Sustainability Features

Biological/Ecological

Warriors' is home to numerous wintering waterfowl and shorebirds. This area is a major focus for the National Audubon Society Christmas Bird Count. The park has reduced the area it mows by 40 percent to provide additional habitat.

Community Engagement

Warriors' Path recently opened Darryl's Dream Boundless playground. This playground is a place where children of all abilities can learn and have fun. The playground has motion sensors in the restrooms that add to energy conservation.

Environmental Education

Park staff host environmental education workshops teaching educators how to use nearby, familiar environments as "natural classrooms" for your children and students, encouraging teaching techniques that bring conservation to life. The park also serves as a host for an annual conservation camp that bring students in from across Sullivan County to learn about their natural surrounding and how their actions impact the environment.

Did you know?

Warrior's Path is credited at being the inaugural location for the Chipping of the Green, a now household name for annual Christmas tree recycling events.

Park Highlights

- Located in Sullivan County
- Visited by over 1 million people in 2011
- Over 15 miles of trails in park
- Park lake open to canoes and paddleboats
